In 250 words or less, please state why you are declaring candidacy for the RFS Executive Committee and what past experiences will help you contribute to the ACR-RFS as a leader for the section.

Dear Co-Residents & Fellows, I am running for a RFS Executive Committee position because I believe in our section's potential and contribution to the ACR. Our knowledge, experience, and input are vital to the future of our profession. As advocates we can join together to advance resident education and health policy. My background in law and public policy can help provide a cohesive approach as we face the challenges ahead. I'm enthusiastic about the future and the opportunity to serve the RSF membership. Sincerely Elizabeth Valencia "Liz"
