- Annual Meeting & Chapter Leadership Conference, New York State Resident Delegate, 2010 –2012

Please let any major academic, practice, and/or community achievements, along with other relevant extracurricular activities below.

- (see above)

In 250 words or less, please state why you are declaring candidacy for the RFS Executive Committee and what past experiences will help you contribute to the ACR-RFS as a leader for the section.

I have had the honor of serving as the Secretary for the RFS this past year. During the past twelve months, I have been responsible for much of the communication you have received on behalf of the section, participated in the Membership Subcommittee, wrote several articles on behalf of the section for various radiology publications, and helped plan the ACR event during the RSNA. I am running for the position of Vice Chair to continue my involvement within the RFS and to grow on the groundwork I have laid this past year. As I said last year, my primary reason to run for a position on the committee is to continue promoting the impressive growth of the RFS I have witnessed over the past three years. In this next year, I would like to continue establishing more opportunities for resident involvement beyond the five days we spend in Washington for the AMCLC. I would hope to accomplish this by increasing the role of the RFS Membership Subcommittee, increasing resident involvement in ACR committees, having more ACR RFS sessions during annual meetings such as RSNA and AUR, and by attempting to increase the number of ACR resident fellowships. We've put a lot of hard work into this year's RFS Meeting and I hope you all enjoy your time here and the Baltika #5 at the Russia House!
